New York, New York - Hats off to Broadway! The **New York Theatre, Radio City Music Hall, Rockefeller Center** and Fifth Avenue shopping are at your fingertips as we explore the sights and sounds of New York City. Join **Judy's Leisure Tours**, on this exciting trip.

1 Early this morning we catch our local flight from **Fargo** to America's largest and most exciting metropolis, **New York City**. We arrive in New York early this afternoon and are met at the airport by our motorcoach. We begin our

Rockefeller Center

visit with a view of the city that has overcome adversity to become better and stronger. Our drive will introduce us to the wonders of the Big Apple, and we get our first view of Rockefeller Center and Time Square! We check into the

Edison Hotel, which is centrally located to the sites of the Times Square area. It is only a ½ block off Broadway. This evening we gather for **Dinner**.

2 We begin our day as our **motorcoach** picks us up and we are off to see one of New York's most famous landmarks. The **Statue of Liberty** has symbolized America's welcome for more than one hundred years. **Ellis Island**, the major processing station for immigrants between 1892 and 1954, stands close by Liberty Island at the head of New York City's Upper Harbor. We visit ground zero viewing the **911 memorial wall** and the **911 Memorial Museum**.

The 110,000 square feet of exhibition space are within "the archaeological heart of the World Trade Center site." The museum actually takes visitors underground. This evening we attend a **Broadway play**, which will be selected next fall when the new line up for the theatres are announced.

3 Today we board our motorcoach with a **local step-on-guide** for a city tour of New York. We will visit Rockefeller Center, Central Park, and many other well known sites. This afternoon and evening you will have time to explore and shop at your leisure. Fifth avenue is known for its department stores and elegant residences, and is also the site of several world-famous art museums. Perhaps you will want to take in another Broadway play. Maybe you want to walk to Rockefeller Center to watch the skaters. The **Empire State Building** is a landmark situated on Fifth Avenue and 34th Street, and is 1,250 feet high. The world renowned **Madame Tussaud's Wax Museum**

4 You will have a free morning to enjoy the wonders of New York City. You can attend church at St. Patrick's Cathedral or one of the many churches available. There is a list of churches on the wall across from the elevators at the hotel. A carriage ride through Central Park could be on your agenda today. This afternoon we will enjoy another top **Musical Broadway production**.

This evening we will delight in the **Bateaux New York, Holiday Lights Dinner Cruise**. Get lost in the beauty of Lady Liberty and the New York skyline. Savor the flavors of their Executive

Chief's culinary creations. Listen to a live jazz trio. Enjoy their elegant, all-glass enclosed vessel with 360 degree skyline view and a delicious **three-course sit-down dinner**. This

cruise around Manhattan offers a spectacular view of New York at night. It will be a magical evening for all.

5 This morning you may want to get up early and go to Rockefeller Center for the Today show, Times Square for the Good Morning America show. Maybe you would like to do a backstage tour of Radio City Music Hall prior to the show. NBC studio tours are also available and located next door to the theatre.

The **Radio City Music Hall Rockettes Christmas** show, is our last spectacular show before heading to

the airport. From the moment you walk into Radio City Music Hall to the very last amazing scene, experience the magic that only Rockettes can create. This spectacular group only performs twice a year, at

Christmas and Easter. Not only do we get to see this tremendous show, but we will see the restored Radio City Music Hall.

We transfer to the airport for our flight home. With our spirits flying high, we relish the time we have spent in **New York City**
